

E-Commerce Portal Development for Telecommunications Co

PROJECT DETAILS

API Development, E-Commerce Development, Microservices Architecture Services

📅 Jan. 2015 - Ongoing

💰 \$10,000 to \$49,999

"I'm impressed by 10Pines' technical capacity, human capacity, and communication."

PROJECT SUMMARY

10Pines has developed an e-commerce portal for a telecommunications company. The team has built a shopping and content portal.

PROJECT FEEDBACK

10Pines has successfully delivered a portal, and the client has seen growth in end customers' usage and revenue. The client's portal is the channel with the most sales of their entire group. 10Pines is aligned with the client's timelines and quality standards, communicating via email and meetings.

The Client

Please describe your company and position.

I am the shopping portal of a telecommunications company.

Describe what your company does in a single sentence.

It is a telecommunications and services company
